

LEAGUE SEEKS TO CHECK WAR

Council Session Called When Bulgaria Asks It

Hostilities Slacken on Border After City Razed

Waiting Policy Adopted After Serious Clashes

(Continued from First Page)
accounts to be slackening, at least temporarily, and Monday the Council of the League of Nations, acting on the appeal of Bulgaria, will call a special session in Paris to take up the dispute.

Representatives of Greece and Bulgaria have been summoned to state their claims before the Council.

An official communiqué issued at Athens stated that the military operation must be considered ended, the Greek authorities "attained their objective" by advancing into Bulgaria as far as Petrich. This was followed by an official announcement of occupation of Greek territory by the Bulgarians, but it was added that the Bulgars, in order to prevent recognition of an evacuated blockhouse, still were firing on Greek positions.

MASSE OF RUINS
The view expressed in official circles in the Greek capital is that the incident must enter into a "purely diplomatic phase."

It was pointed out, however, that Greece had done its "duty" for the asserted Bulgarian aggression in the Demirhissar region last Monday. On the other hand, the Bulgarian authorities are insisting the fault lies with the Greeks.

They admitted in their appeal to the League that they had attacked a Greek soldier dead, but insisted that he had first attacked a Bulgarian sentinel on Bulgarian soil.

Official sources in Bulgaria, recognizing the consequences of the days of fighting, say that twenty-five Bulgarians have been killed and 5,000 made homeless and that 100 houses in the Bulgarian territory have been occupied by the Greeks.

The official Greek announcement that the military operation must be considered ended, seems to have come out of a message from a correspondent of the Associated Press, who writing from Petrich, says that as he was leaving the town, the firing had ceased and the Greek operations appeared to have stopped.

The town of Petrich is described in this dispatch as a mass of ruins, described by the inhabitants.

FLINT, MICH., HAS LOWEST DEATH RATE

Oakland Second, While Memphis Holds Lead With Highest Number

(BY A. P. NIGHT WIRE)
WASHINGTON, Oct. 23.—To aid in the fight against disease the Commerce Department has begun publication of a weekly report of the death statistics in sixty-six cities having an aggregate population of 25,000,000.

In the comparative figures for the week ended last Saturday, Flint, Mich., had the lowest death rate, the figures representing an annual rate of 11.9 per 1,000 population. On the same date, Oakland, Cal., was second last week with a rate of 7.8.

The greatest death rate reported was 11.1 in Memphis, Tenn.

"As weekly figures always fluctuate widely," said the Commerce Department announcement, "caution must be used in their interpretation."

Rumania Will Send Mission to Fund Debt

(BY CABLE AND ASSOCIATED PRESS)
BUCHAREST, Oct. 22.—The Rumanian debt funding mission, having reached an agreement for the liquidation of Rumania's debt to Great Britain, will go to the United States. Vintila Bratianu, Minister of Finance, announced today after a cabinet meeting.

Mr. Bratianu said that the mission, which will be headed by Nicholas Titulescu, Rumanian Minister to Great Britain, will go to Washington in order to negotiate an identical arrangement toward the settlement of Rumania's war debt to the United States.

An earlier Rumanian dispatch said the mission would sail for the United States the 21st inst. The settlement negotiated with Great Britain for forty years and one-half for an annual 11.5 per cent payment covering interest and amortization charges. Rumania owes the United States approximately \$46,000,000.

CHUCKLE for EVERYBODY

LOCAL LAUGHS

Each week The Times produces a film entitled "Local Laughs," consisting of the offbeat and jobbing type of jokes submitted by local people. Weekly prizes are paid of \$5, \$2, \$1 and two sets of \$1 each. The names of the winners, together with rules for submitting jokes, are given daily in a coupon in The Times. Prize winners, and other persons who appear in the film, receive a free copy of The Times. A monthly newspaper mentioned will be given a free copy of The Times. The name of the newspaper, and the address of the person who receives it, will be given on the page each week-day, and each of these contributors will receive a souvenir of acknowledgement.

"What do you think of your new doctor?"
"He put me on my feet all right. He got my car."
H. Howe, Box 28, Ontario, Cal.

Before a Papuan can marry he must commit a murder. It is not surprising therefore, that as the date of the ceremony approaches

the prospective mother-in-law invariably takes to the hills.

M. Farley, 1366 North St. Andrews Place, Hollywood.

Customer: I should like to try on the dress in the window.

Manager: Pardon me, madam, but our window display is already attractive enough.

M. C. Settling, 4711 Mascot street, city.

"How much does a beefsteak with potatoes cost?"

"One dollar, sir."

And without potatoes?"

"Then bring me the potatoes."

J. E. Webber, Box 204, Santa Ana Cal.

THE GUMPS

DO YOU KNOW I WISH I KNEW HOW TO DANCE THE CHARLESTON? IT'S THE LATEST DANCING FAD - IT HAS THE MOST FASCINATING RHYTHM, AND CHARLESTON JAZZ MUSIC IS SIMPLY DELIGHTFUL - I'M WILD ABOUT IT - I WONDER WHERE THERE'S AN UP-TO-DATE DANCING ACADEMY -

IF YOU'RE GOING TO LEARN THE CHARLESTON DON'T BOTHER ABOUT A DANCING ACADEMY - WHAT YOU WANT IS A GYMNASIUM - THE ONLY TEACHER YOU NEED IS A GOOD HUSKY ACROBAT - YOU DON'T NEED ANY MUSIC TO DANCE THE CHARLESTON - JUST GET A WASHER-TUB AND START POUNDING IT WITH AN AXE AND RHYTHM - THE CHARLESTON HAS AS MUCH RHYTHM AS A RUSTY CONCRETE MIXER -

WE'VE SEEN PEOPLE WHO WERE SICK FROM THE CHARLESTON - THEY THOUGHT IT WAS A DANCE BUT I CLAIM IT'S ONLY AN ARGUMENT IN FAVOR OF EVOLUTION - SO AHEAD - GET YOURSELF A CHARLEY-HAWK TRYING TO LEARN THE CHARLESTON - A GUY WILL COME ALONG WITH A GANACHE HOP THAT HE'S CHRISTENED THE SWING OR ST. LOUIS - THEN YOU'LL HAVE TO GET OUT YOUR GEOGRAPHY AND START ALL OVER AGAIN -

City League Lead

CITY LEAGUE STANDINGS

YESTERDAY'S RESULTS

Hollywood 12, Manual Arts 3.

Lincoln decorated the top rung of the City League standing today, by virtue of a 7-to-0 victory over Jefferson, while Manual Arts, the other first-round victor, was dropping to Hollywood. Lincoln won through a bit of class work on the part of Eva Pusich, star halfback, who, if not exactly resembling Red Grange, tore off yards in a fashion similar to that of the famous Bears' Friedman, the demon Michigan back.

Jefferson displayed surprising

defensive strength and several

times held the Lincolners for

long periods in a tight position.

Coach Fryer's offense was

still weak, however, and the heavy

Lincoln line resisted a fiery at-

ACKNOWLEDGMENT

The only word of the game came

within two minutes after the open-

ing of the second quarter. Pusich

around right end for a 40-

yard gain on the first play of the

quarter, and then, after Jefferson

had taken the 20-yard mark,

Pusich and Chandler bucked for eight yards

three downs, only to be penal-

ized for a reverse play, and went

over for the touchdown. Medanich

scored the first points of the

game, putting up a fine defensive fight, soon

over for the win.

Bill Conselman and Charlie

Chung and the

other players

had a hand in the game, but

the game was over before

the half was over.

TROJAN, CARD BABES BATTLE

Stanford Yearlings Hope for Another Victory

Cliff Herd Arrives in North With His Charges

Cardinal and Gold Frosh Are Favored to Win

BY WILL FREDERICKS (EXCELSIOR DISPATCH)

STANFORD UNIVERSITY, Oct. 22.—Coach E. P. Hunt's yearlings will put forth every effort to make Stanford's football slate clean with respect to the U.S.C. column tomorrow when the two first-year elevens clash in a game preliminary to the O.A.C.—Cardinal conflict at Palo Alto.

The Card yearlings this season, possess hardly the backfield talent of former years. But they have strong linemen, and at least four acceptable ball carriers, as well as very high hopes of defeating the Trojans. Hunt's big weakness is lack in reserves, for he has about eight linemen, and no more than five acceptable backs. Fortunately, the men he has are evenly distributed between the several positions.

CARD FROSH UNDEFEATED

Hunt's Frosh are 6-0-2, having scored 52 points against the combined total of 6 for five opposing elevens. Victories include a 15-to-10 over San Mateo Junior League, which beat California.

The Card Frosh line is heavy, Artman and Tandy, the Long Beach tackles, weigh 190 and 215 pounds, respectively. Doyle, Berke, and Verma, of San Mateo, are the two outstanding center candidates, either of whom is better than any present yearling contender, weigh about 170 and 170. The ends are lighter. Hart, of Long Beach, is the best at 170 pounds, while Rehrig, Warden and Ray, lighter men yet, are fighting for the other two ends.

THIRTY-ONE IS STAR

Bob Smith of Long Beach, at right half, has tied with Smalling of Templeton as the Cards' leading ground gainer. Smalling never played for the Cards, but is a star in the senior class.

Tommy Jones of San Mateo, the other guard, weighs in at 170. Cook and Verma of San Mateo, the two ends, are 170 and 170. The ends are 170 and 170. The ends are 170 and 170. The ends are 17

FINANCIAL

UNION BRINGS IN WYOMING WELL

Further Proves Possibilities of Lake Creek Field

Other California Companies Operate in Territory

Land Held Under Permit of Federal Government

Completion of a new well in Lake Creek, Hot Springs county, Wyoming, was announced yesterday by officials of the Union Oil Company of California, confirming wire dispatches from the East. The well further proves the field, which was first discovered about a year ago, is the second Wyoming oil discovery by the Union Oil Company.

The new Lake Creek pool is located twenty miles east of Thermopolis. The Union's test, Lake Creek No. 1, was drilled to a depth of 1,117 feet and shows oil in the sand.

With five feet of penetration,

heavy gas pressure caused the well to come in, producing between 800 and 1,000 barrels a day.

While production is considerably

from year to year, the output usually grosses an amount in excess of \$1,000,000.

Practically all the oil is taken by the beekeepers.

More than 7 cents a pound for dark colored honey more than 15 cents for winter white grades, derived by En-

ergy interests, the oil is sold to the

concerns as a local dependency for

bees held in trees for the

service man under the bureau's care.

The Attorney General

agreed with me that there is nothing

in the law prohibiting the as-

sociations from accepting trust

funds on deposit. He recognized

the advantages and the right of

the associations to do what they

think is best for the public.

More than three-fourths of the

honey production of California is sold to outside oil men in years

of record, 1922 and 1924, the ex-

port surplus was materially re-

duced. Last year oil companies

tried to find a market for the

honey produced outside the

United States.

Volume of Sales Again at High Figure

Profit-Taking Raid Fails to Halt Rise

Advance of Chandler Motors is Feature

[By A. P. NIGHT WIRE]
NEW YORK, Oct. 22.—Heavy week-end profit-taking failed to stem the rising tide of prices in today's stock market. The advance which was spread over a broad list, ranged from 1 to 6 points in the active issues, with the steepest gains in some of the volatile stocks. Trading again approximated 3,500,000 shares, trading in the tenth consecutive 2,000,000 session.

The market was featured by a sensational rally in the Ford Motor Company, which was run up nearly 15 points to a new high record at 53, often jumping a point or more between sales. The buying orders were placed in this stock, but the 53 was so far behind the market that the violent upward movement was not known until after the market closed. At 3 o'clock the stock was quoted around 41 on the board.

Other motors also received good buying support. Chrysler advanced over 2 points to 19 1/2, or within a fraction of the record high; Mack Trucks showed a gain of over 3 points at 22 1/4, and General Motors closed 2 1/2 points higher at 131 1/2.

PAIGE MOVES UP

Strength of Paige-Detroit, which advanced 3 points to a new high record at 31 1/2, was bolstered with unconfirmed rumors that Dodge Brothers were negotiating for control.

The upward movement was given impetus by the rapidistic survey of the business situation by Chairman Gary of the United States Steel Corporation.

Continuation of relatively easy all-money rates, a favorable Federal Reserve statement, and reports of expanded foreign trade.

A further collapse of French francs was disregarded as a stock market factor, although it brought about some liquidation of French bonds. Several sugar shares continued to new low records for the year, 12 1/2, in sympathy with the weakness of sugar futures markets.

STEELS ACTIVE

Steel shares responded to reports of an increase in incoming orders. United States Steel common advanced over 2 points to 123 1/2; Bethlehem closed 2 points higher at 44, and Crucible, Gulf States and Republic advanced a point or two. United States Cast Iron Pipe soared 11 1/2 points to 218.

Oil and railroad shares, which were strong earlier in the week, failed to make much progress because of the large volume of realizations of recent recessions, however, were of a positive character.

Buoyancy again developed in American high-grade industrials. American Can closed 7 points to a new high record for the time at 256 1/2. International Business Machines jumped nearly 6 points to a new top at 176. General Electric scored an extreme gain of over 8 points, half of which was cancelled. S. Kress jumped 26 points in a few sales. New York Shipbuilding, which had held firm at 75 1/2, Paine 61 1/2 points at 85 1/2, Pittsburgh Coal 5 1/2 at 45 1/2, Twin City, Rapid Transit 4 1/2 and United Drug at 145 1/2.

NEW LOWS

American Beet Sugar, Cuban American, Cuban and Mexican stocks and preferred and common stocks broke through to new low levels for the year. Cuban money held steady at 41 1/2 per cent. Time money rates relaxed, sixty to 64, and interest rates, quoted on a flat 4% per cent basis, instead of 4% to 5, which some local maturities also available at the lower rates.

Commercial paper rates were unchanged.

Reversed weakness of French francs, which sank about 10 points to another record low around 4.20 cents, featured the irregular foreign exchange market. Domestic held firm above \$4.54, and Italian held firm 5 points to around 4 cents.

TRIO ARRESTED IN RUM SEIZURE

Officers Fail to Find Large Cache of Liquors

One Suspect Captured After Locking in Agents

Three Men Furnish Bonds When Arraigned

Extending their operations into the heart of the downtown business district, Federal prohibition agents yesterday raided a richly furnished suite of rooms in an office building, 725 South Hill street, and during questioning, confirmed that the entire stock recovered from Willis George Smith and Ralph Reagan on charges of possessing liquor.

A search in the office yielded two pints of Scotch liquor. Disappointed, the dry investigators spent several hours on a lower floor hunting for a store of fine liquors that had been reported to them by informants. The search proved fruitless.

Entering the outer office, the government surprised Smith and Reagan. While they were being handcuffed, Willis, in an adjoining room, fled in an attempt to escape. Hoping to secure himself from the invaders, he locked the door behind him and then turned the key in the main entrance, leaving the prohibition agents and their prisoners temporarily isolated.

All three men were arraigned before United States Commissioner George Smith and furnished \$2000 bond. Their arraignment has been set for the 25th inst.

BRIBERY TRIAL PLAN INDEFINITE

(Continued from First Page)

Defendant, who was acquitted, visited the two former Councilmen in the County Jail yesterday afternoon. During the visit he offered the two men \$1000 each, in return for securing new evidence in their case. If half a new trial is granted, Murphy, after the verdict, demands that he be given an indefinite term and maximum sentence if the two Councilmen were guilty.

"The whole thing is a very dirty mystery," he said. "I am of the opinion that this is a project that should be launched under government auspices."

"Certain factors are involved that would not invite private investigation. The chief of these is food control. Private money may be concerned. These are incidental to the primary object of the government, however, which is food control. Of course, there are advantages of great importance which should receive full consideration."

"It is my idea that the uses that will be made of the committee on the river can be easily ascertained by political parties. In this manner the government investment can be returned, and will be established and eventually maintained without cost to the government."

General Hodges said he expected that the committee will encounter much opposition. "First of all it will be difficult to convince all parts of the country that the government should enter into a business enterprise such as this will be," he commented. "Then there is the question of the rights of the river to be taken over by the government, but he is in an effort to do this that this investigation has been undertaken."

The various officials are attempting to get together in the path of an agreement on the Boulder Canyon Dam matter.

COMPRESSOR CHARGE AT HARBOR SLASHED

On motion of Councilman Colden of the Los Angeles Harbor district, the City Council yesterday adopted an ordinance recommended by the Harbor Commission, reducing the rates charged for compressing cotton at the municipal cotton compressing plant in the Harbor Commission. The reduction from 25 cents a bale to the present figure of 21. The reduction was necessary, Councilman Colden said, to meet competition from a new cotton compress at Bakersfield.

CONTINUE CASE OF HOSPITAL OPERATOR

The case of Mrs. Hazel May Sims, charged with conducting a maternity hospital without a license, was continued until the 28th inst. by Justice Wood yesterday.

B.H. DYES CO. 7TH AT OLIVE

First and Final Authority on Sportsgear

SMARTNESS IN SPORTS COATS NOT NECESSARILY COSTLY

\$2450

The Dyes Sports Shop has developed a top coat whose simplicity of line, beauty of fabric and severe tailored appearance appeal irresistibly to the matron as well as the College miss.

Both flared and straight-line models in herringbone tweeds, novel checks and mixtures. Half or full lined.

Sizes 14 to 40.

(Continued from First Page)

Jury in connection with an asserted attempt to bribe Charles Reimer, an investigator for the District Attorney's office, in an effort to induce the trial of Capt. V. L. Linquist, asserted head of a bootlegging ring. He was charged with perjuring himself in testifying before the grand jury and was convicted after a bitter trial.

BUFFALONIANS TO HAIL

A public meeting to determine the date will be held by Buffalo (N. Y.) folks, now residents of Los Angeles and vicinity, or who are now visiting here, for the winter, at Foothill Hall, 523 West Main street, Alhambra, to which all former New Yorkers are cordially invited.

CHRISTIANITY TO HAIL

The last in a series of sermons on "New Religions of the Day" will be preached at the West Coast Boulevard Theater tomorrow morning by Dr. C. F. Aked. Dr. Aked, with local Los Angeles folk, will spend a week for a lecture tour in the East, is associate pastor with Rev. W. H. Hopkins of the Plymouth Congregational Church.

"CHRIST OR CHAOS?"

Dr. A. Briggle, pastor of the Watchtower Bible and Tract Society, will be the preacher at the Church of the Open Door tomorrow. Dr. Briggle's subject for morning is "Glorying God in Word and

Truth."

The services will be held at 11 a.m. and 7:30 p.m. The services will be the same as those of the Watchtower Bible and Tract Society.

Valenciennes Laces, Bolt 50c

Fine French and two-thread Val. laces in white, cream and ochre; $\frac{1}{2}$ to 1 inch wide, for trimming frocks, lingerie, etc., laces that ordinarily sell for a dollar a bolt.

(Main Floor—Coulter's)

Ombre Lace Scarfs, Special \$2.95

Shown in some twelve different shades, among them orchid, purple, grey, rose, American Beauty, jade, Alice blue, pencil blue, orange, black, white, maize—shading from darker tones into the light pastel colors, which makes them particularly attractive.

(Main Floor—Coulter's)

Women's Silk Hose \$1.55

Full-fashioned; medium weight, reinforced with lace at heel, toe and top; in eleven fashionable shades and black. Reg. \$2.00 pair.

(Main Floor—Coulter's)

Eaton's Fine Stationery Special, Box 39c

White only; 24 sheets or 24 correspondence cards, with 24 envelopes; a value well worth your investigation.

(Main Floor—Coulter's)

Women's Flannelette Gowns, \$1.95

Time to be thinking of warmer night-wear—here are gowns in white and dainty colors, in slipover styles, hand-embroidered.

Costume Slips—of Milosheen and sports satin; most adaptable for general purpose wear; shown in light colors; special \$2.95

(Fourth Floor—Coulter's)

Open Point

Judge Put on the Bridge Motorist (In St. Paul court) weren't doing anything Your Honor. We never been driving fairly fast when we drove hill, but we were down with two car loads. His Friend: We were over fifteen, your Honor, when we came to the crossroads, slowed down to ten.

Motorist: We were still when the other cars came still when I'll have to pay.

Judge: I'll have to pay that snow

Kitchen Noni. Your kitchen Noni will look brighter and stay clean longer if you have a tablecloth of Bonwick's Cloudy Ammonia in the water when you scrub it. The Ammonia will not injure it as washing powder does, but will make the colors clear and clean.

There is no season that suggests more attractive ideas for parties and table decorations, than the rich yellow and black of Halloween, and the shops are full of them.

That's a delicious noni layer cake. See Globe A-1 back of Magazine Section Sunday.

A foored attic or basement with unfinished rafters and dark corners lends itself admirably to the occasion, in lieu of a barn, for the Halloween barn dance!

If you wish to carry out the Halloween decorations, you can have a variety of ways to use pumpkin colored cottage cheese. You can order it from the L. A. Creamery. It's pure fruit coloring.

At night, there's nothing more fun than a candlelight dinner. It's favorite Halloween frolic in the North, but little known here. At lunch time each guest is furnished with a small pointed wooden stick. He walks into the stem end of a roasting ear of corn, and, turning it round and round roasts it over the camp fire.

You have enjoyed eating corn until you've eaten it this way. It's the Indian's own idea, and that's why the young tender ears are called roasting ears.

Luscious avocados are now only 15¢ a pound at the Avocado Store, 430 S. South Hill.

Black and yellow ribbon sandwiches may be made by using chopped ripe olives for one filler and seasoned olives for the other. Shred lettuce, butter, spread fillers alternately. Set in ice box until ready to serve, then slice the loaf in the usual way, and have your black and yellow striped sandwiches.

Just on the edge of the Latin Quarter—half a block from the postoffice—is Mora's Grill, 197 W. Market, a good-to-eat-in place in restful surroundings. It's different.

Expressive of the season is the candle salad—half a banana, inserted in the center ring of a slice of pineapple, and tipped with a dash of cream. A ring of an inch from the base finishes the candle-stick and a handle may be made of orange peel.

"Permo" everything in your home permanently mothproofed. Phone for particulars. Scientific Mothproof Co., McEntire, 4162.

At midnight we gather around the fire-piece with only the back-to-back chairs and the fireplace, now burning low. We roast apples and chestnuts and marshmallows and tell ghost stories—the ghosts that these stories can find. Then there's someone screaming and the girls jump and do likewise.

Instant on having Peter Piper Pickles—it's the appetizing flavor that will please you and add zest to any Halloween menu.

Diet and Health

COLUMN RULES

My dear followers: Please don't write. Sign your name as evidence for conditions that have to have the immediate attention of a physician. And do not depend on the column for such advice, for even though you send me an answer in the column and answer it immediately, it would be at least four weeks before the answer can appear.

My diet and health column is a syndicated feature appearing all over the United States and Canada. It is written by me, our friend, New York. This means that it has to be prepared three or four weeks in advance. The column creates great interest, it is well received and the combined mail from the different places is enormous. In order to be able to handle this and to be helpful to you, these are certain rules which we have formulated which you must follow. Unless these rules are complied with, your letters cannot receive any attention.

First: Address your letters to me in care of this paper. They will be forwarded to my New York City

office for me to read.

Second: Write legibly and in a pen or pencil handwriting that is not clear, get somebody to write for you! or use a typewriter. Do not write more than 200 words, remember the number of letters I get!

Third: When you ask for medical advice, send me a letter which includes a large sized, self-addressed, stamped envelope (a.s.a.p.). The address must include the name, street and number, city or town, and State. The booklet on reducing and gaining weight can be in a post office box.

Fourth: Do not ask for diagnosis or for individual treatment. Do not send any letters that are not of general interest and answer the column. You must see your personal physician for such information. Watch my daily article

"Better Homes."

ASK STREET WIDENING

The widening of Redondo Boulevard from Washington street and westward has been petitioned for at the City Hall by the property owners in that section of the city.

EDISON WATER CASE GIVEN AID

Government Backs Position on Riparian Dispute

Brief Stating Stand Filed at San Francisco

Upper San Joaquin Power Projects Involved

Supporting the position of the Southern California Edison Company on the question of riparian rights on the upper San Joaquin River and its tributaries, the United States government at San Francisco yesterday filed a brief in the case of the Edison company against the Amalia Heringham heirs, who are the product of Granville Oil Co., 1741 Alton St. Their pure olive oil is as fine as can be purchased.

Another cunning arrangement for the Halloween Salad—on a lettuce leaf place half a small orange, a few orange blossoms, holes and insert cherries for eyes and nose—a strip of pimento for mouth and colored cottage cheese for kinky pumpkin colored hair.

The sensation of the season, in food, is the dainty, delicious flower cake. The general idea is the flavor of Cousin Mary's Flower Preserves roses, violets, carnations, orange blossoms with its perfume. It is the flavor of Cousin Mary's Flower Preserves roses, violets, carnations, orange blossoms with its perfume. The dogs include almost every breed known to the world, from Buttons, a little rat-like pup weighing less than half a pound, to the Great Danes among the largest.

Ekimo dogs from the Lockheed Kennel, towing buttons from the Kenosha Kennel, tiny hairless pups entered by Mrs. D. Paemeleire of Watts, and Mrs. A. Lemieux of this city. St. Bernards, poodles and spaniels of other types are included in the exhibition list. Aside from a frightening black, the dogs are gentle, screen-shy, and bring the owners into the case for the first time as a contestant.

Bridy, the case in the Supreme Court in an appeal by the Southern California Edison Company from judgment and decree entered March 4, 1924, by the Superior Court of Fresno and affects the right of the Southern California Edison Company to construct its dams and projects on the upper San Joaquin. In this territory the company is already spending millions of dollars completing their projects to supply Southern California with light and power.

DISPUTE OUTLINED

The Heringham heirs originally brought suit on August 27, 1924, asserting their rights as owners to the lands which were abridged by the activities of the company, and asked for a injunction, to stop the fallowing of the lands, to remove the water of the San Joaquin and a restraining order to the company.

The Southern California Edison Company in answer maintained that it had the legal right, as a riparian owner, to use the water of the San Joaquin, and that the Edison company had no right to fallow the lands or to remove the water of the San Joaquin and a restraining order to the company.

At the Industrial Show

The general exhibits are definitely placed in Manufacturing Exhibit of Greater Los Angeles, in the Chamber of Commerce Building, 8th and Flower Streets, the permanent institutions of Southern California. Many of the larger manufacturing concerns are already represented and many more are negotiating for space.

Among those already making attractive display of their products are:

Goodyear Tire and Rubber Company, Bradley-Wise Paint Company, Brininstool Paint Company, Cragan Oil Company, Clegg Manufacturing Company, Clegg Bros. Brush Company, Kay Brunner Brush Company, Laytonville and Bolster Pump Manufacturing Company, Los Angeles Desk Company, Lico Manufacturing Company, Lico Shop, Pacific Coast Nickle Book Company, Smoot Holman Company, Technical Glass Company, Tonkin Brick Company, Western Auto Supply Company, Western Stove Company, Union Tank and Pipe Company, Union Typewriter Company, United States Electric Motor Manufacturing Company.

Women's clubs are now using the lecture room of the exhibit for special occasions.

An interesting educational book on crude rubber is available for the asking at the Industrial Show. It is the Story of Goodyear.

There are motion pictures and music every day, except Sunday, showing the Southern California Edison Company as its agent to further its policies.

GOVERNMENT'S BASE

In the government brief filed yesterday in an injunction suit against the Amalia Heringham heirs, the United States in the case and the importance attached to the administration of its resources in California, the Pacific Northwest, and Alaska, asserted a direct interest by reason of its reserved rental upon the power capacity which depends upon the storage of waters and the government's interest in the use of these waters.

Judge Wooley in his decision found that the electric company could legally use the water for power and light development, held that they could not store or impound the flow of water for hydroelectric purposes, as was specifically permitted by the court, and that storage in Huntington Lake reservoir on Big Creek and the waters of Stevenson Creek and Piney Creek was an unreasonable use which would result in irreparable injury to the plaintiffs' lands.

Former Chancellor Wirth and Herr Loeb, accompanying the delegation of German officials, are now visiting the United States.

Debate on Virtues of State Probation System

Widely divergent views on the State's present parole and probation system were expressed last night by speakers at the regular monthly meeting of the Los Angeles Bar Association at the Alexandria.

Judge Hardy of the Superior Court and Dep. Dist. Atty. Fritchke, in the case of Big Hutchings, the parole and probation system, flayed the parole and probation system as now followed in unmeasured language. They declared that the system was a failure and lends itself to what they described as such abuses as those illustrated in the parole of the skull, Randolf and Clark escaped.

In the car driven by Costa were Rick Ferini, 239 Glendale Boulevard, and Thelma Toren, 22, of Oxford. The three suffered minor injuries.

All the injured were taken to the Receiving Hospital, where they were treated by Police Surgeon Toney. Dr. Oscar L. Linton was assigned to investigate the accident.

O. R. Casey was the motorman on the Hollywood street car.
